press release, 15-02-2013

On 13.02.2013 was held the General Assembly the Slovak Association of Civil Engineers. The oldest professional organization of engineers engaged in construction evaluated their previous activities since the last General Assembly in 2008. The Association wants to continue to be active as a professional union of top experts led by the new Board. At the first meeting of the Presidium SZSI was elected new president [Dipl. Ing. Juraj Nagy, PhD](#) .
